OPPalyte™ SVD 28.0

Oriented Polypropylene Film

Product Description

OPPalyte™ SVD is a high gloss white voided BOPP film with a low threshold sealing layer (100°C) designed for VFFS applications, suitable for laminates. The film has a modified intermediate layer that promotes easy opening (peelable).

Key Features

- Easy opening, enhanced heat sealing threshold layer (100°C) for VFFS packaging machines
- Tailored and consistent slip
- High gloss face contributes to superb print presentation
- Good moisture barrier
- · Easy opening feature
- Not suitable for boost treatment
