**BRAND OWNER CHALLENGE**
Barrier, visual aspect and machinability
Solution

Chose Bicor™ MB777 film for excellent moisture, flavor and oxygen barrier, allowing protection for sensitive cinnamon-spiced sweet crispy biscuits.

Combination of acrylic and PVdC coatings provides outstanding aroma preservation, crispiness and off-odor protection.

Outside acrylic allows the folded fin seals to be cleanly tucked down for neat visual appearance.

Features

Excellent barrier to aroma, oxygen, moisture and mineral oil.

Versatile seal function: out/out, in/in and in/out (lap seal).

Stable surface properties (print, slip, seal)

Benefits

Outstanding protection for more than 6 month shelf-life.

Excellent visual appearance for good brand recognition.

Good performance on HFFS packaging and collation machines (COF, stiffness).
